

What do you think an **idol** is? What does that mean?
(Ask an adult if you need help.)

If your answer is,

An **idol** is anything that you put above God.

...then you are right!

What are some things that could be an **idol** for you? In other words, what kinds of things could easily become more important than God to you? **Write or draw some of those things here:**

God tells us to **make Jesus the LORD of our lives**. This means that we **make Jesus the Master** of our lives in every way.
